Café Groots, *Bartender* 🔗

2016 – 2020

TechAssistants Soest, *Founder & Owner* 🔗

Under the motto "Van Jong Geleerd is oud Gedaan" we give technical support to seniors. We help with computers, tablets, smartphones, TV, WiFi, and internet problems. We provide explanations and instructions and help with the installation. Corporate social responsibility is essential to TechAssistants Soest. By doing something about seniors' lack of technological knowledge, we help reduce loneliness among the elderly. If seniors can access modern communication, they can stay involved with family and friends via social media.
